Remember When?

Remember when you didn't have to buy a calf in a bid off?

We do. And we're making it that simple again, here.

We know our cattle, and you know your needs.

We price 'em — you buy 'em. No phone calls. No internet bidding. No games. Just good cattle for sale and honest people to greet you when you stop by and look.

Come by and see them right out of the pasture, and rest assured they can be **fluffed and puffed when it counts.**

Thanks to Bob May for purchasing our top show heifer prospects!
